

Industrial Multimeter

DMM-100

The DMM-100 is a compact and user-friendly True RMS digital multimeter designed for electricians and professional industrial & field applications. It offers high accuracy, advanced safety, and a robust design for reliable professional measurements. With up to 1000V AC/DC measurement capability, True RMS technology, and a clear 6000-count LCD display, it ensures accurate and fast readings even in demanding environments.

- True RMS
- LCD display (6000 counts)
- AC/DC Voltage up to 1000 V
- AC/DC current up to 10 A
- Capacitance, resistance, frequency measurements
- LoZ mode
- High Frequency Rejection
- Non contact voltage detection
- Built-in magnet sticker
- CAT IV 600 V/ CAT III 1000 V

TECHNICAL SPECIFICATIONS

General Features

Batteries	9 V battery (NEDA 1604A or IEC 6LF22)
Weight	250 g
Dimensions	74 x 156 x 44 mm
Safety rating	CAT IV 600 V, CAT III 1000 V
Pollution degree	2
Backlight	✓
Bargraph	✓
REL	✓
HOLD	✓
Diode and continuity test	✓
Auto-ranging	✓
Non contact voltage detection	✓
LoZ mode	✓
Display	6000 counts
Auto power off	✓
Storage temperature	-40°C to 60°C, 0 to 80% R.H. (batteries not fitted)

Specs

TRMS	✓
DC Voltage (mV)	600 mV
DC Voltage (V)	1000 V
AC Voltage (V)	1000 V
DC Current	10 A
AC Current	10 A
Frequency	100 kHz
Resistance	40 MΩ
Diode	1,5 V
Continuity	✓
Capacitance	10 mF

Scope of Supply

- Multimeter
- Precautions for use
- Test leads
- Batteries
